AMA Hits Sen. McGovern's 'Dietary Goals'

81st Year, No. 23 Fort Worth, Texas, Thursday, June 9, 1977 Twenty-Eight Pages

Stuph & Thangs

BURROCRATS WILL SOLVE YOUR PROBLEMS, MAYBE...

MOVING? Please use form inside paper and give full information. Mailing list is run on Friday for following week.

Recently some of the professional pollsters have noted a tendency among the natives in the U.S. to start thinking perhaps their confidence in the government to solve their problems has been more than somewhat strong. As we have noted from time to time in this space, the trouble with Burrocrats is they simply don't understand business. For instance, that Committee that suggested that FDA should immediately make public information on new drugs & stuph. This simploton conclusion ignores the fact that the manufacturer may have spent millions developing a new product and then should be ordered to turn it over to anybody who asks for it, even a competitor. Similar things demonstrate lack of even the most basic understandin' of what is going on, such as the recent case where FDA had studied an application for a sweetener for about four years and finally denied the request. This was two years after the firm had gone out of business! Probably one of the classic examples (CONT. ON PAGE 11)

Stockers Sell Higher, Hogs Moved Up At Fort Worth

Fort Worth, June 6 (F-S) — Receipts 2,400. Slaughter cows steady. Slaughter bulls weak. Slaughter calves steady. Feeder steers and steer calves firm to 50c higher. Feeder heifers and (CONT. ON PAGE 27)

Texas' 23rd Screwworm Case of Year

Mission, June 2 — Rancher C. F. Cox of Sanderson collected Brewster County's first 1977 maggot sample which proved, under laboratory examination, to be screwworms. This is Texas' 23rd case of the year, reports Dr. M. E. (Cotton) Meadows, Jr., director of the U.S. Department of Agriculture Screwworm Eradication Program. By June 2 of 1976 Brewster County had tallied three cases and Texas had a total of 2,277.

Amarillo Monday Prices \$1-\$2 Lower

Amarillo, June 6 (F-S) — Receipts 8,850, on hand for Tuesday and Wednesday 9,800. Trade opened slow, demand light. Feeder steers and heifers 1.00-2.00 lower. Slaughter cows and bulls about steady. Feeder steers: Choice 500-600 lbs. 37.50-39.00, however, poorly tested, 600-700 lbs. (CONT. ON PAGE 27)

Sioux Falls Monday Feeders \$1-\$2 Lower

Sioux Falls, June 6 (USDA) — Semi-Weekly Feeder Cattle Auction. Receipts 3,500. Feeder steers very uneven, steady to 2.00 lower, mostly 1.00-2.00 lower. Feeder heifers unevenly steady to 2.00 lower. Feeder steers: Choice 482-477 lbs. 47.50-48.75, several lots 500-600 lbs. 42.50-45.20, 600-700 lbs. 41.50-44.40, 189 head shipment 613-630 lbs. 43.30-45.40, 700-800 lbs. moderately fleshy to fleshy (CONT. ON PAGE 27)

Cow Slaughter Rate Declines

U.S. cow slaughter is continuing at levels which are higher than historical averages. However, the slaughter rate recently has been less than a year earlier, in addition to declining seasonally, the American National Cattlemen's Assn. said last week. Commercial cow slaughter in April (CONT. ON PAGE 27)

Replacement Cattle Sold Higher Last Week, 50c to \$3

Kansas City, June 3 (USDA) — National Feeder Cattle and Calf Summary. Approximately 151,500 lbs. this week: 178,000 last week; 157,000 last year. Buyers outnumbered sellers and feeder cattle and calf prices worked steady to 2.00 higher with the Southeast as much as 3.00 higher. Since the bulk of the supply of thin and moderately fleshed offerings, suitable to graze, were committed to plain, pasture and mountain the skimpy remainder was readily snapped by grazers needing a little more supply to turn out on improved pastures because of recent rains.

Some operators who were very concerned with dry or short pastures, in April, were greatly encouraged by the quick improvement due to May rains and entered into the market to secure supplies for stocking. Although steers over 700 lbs. and particularly over 800 lbs. were not in great demand, the supply was small enough to be absorbed at a moderate pace at steady to fully 50c higher levels.

River terminals: 17,500: Steers: Choice and some prime thin 300-350 lbs. 47.00-49.25, 350-425 lbs. 44.00-46.40, choice thin and moderately fleshed 350-500 lbs. 42.00-47.00, 500-600 lbs. 41.00-46.00, 600-700 lbs. 40.00-44.00, moderately fleshed and fleshy 700-900 lbs. 38.25-48.00, largely 850-1000 lbs. fleshy and partly fattened 800-1000 lbs. 39.00-40.00. Heifers: Choice and some (CONT. ON PAGE 12)

Controversial Report Advocating Less Meat, More Fish, Vegetables Not Supported by Evidence Concerning Danger to Health

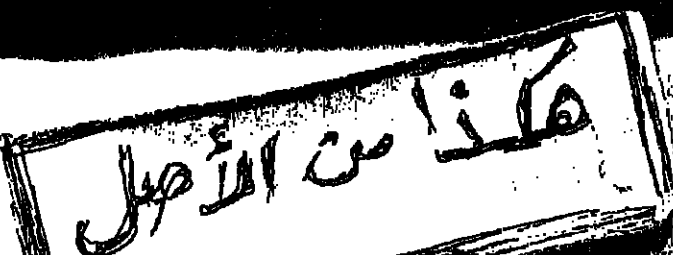

The controversial report titled "Dietary Goals for the United States" issued by Sen. George McGovern's Senate Select Committee on Nutrition and Human Needs, which was solidly attacked by livestock and meat interests, since it concluded that Americans should avoid meat, eat more fish and swing over to something akin to a vegetarian diet, received a knockout punch last week when the prestigious American Medical Association denied the Committee's conclusions were valid and based on a scientific fact. The American National Cattlemen's Assn., and the National Livestock and Meat Board and other spokesmen for the red meat industry produced internationally recognized medical experts who contradicted the conclusions of McGovern's committee in "Dietary Goals," but the AMA's conclusions should set the matter straight. In the current Meat Board Reports, issued May 23, here is what is reported: To those who say Meat Board opposes "Dietary Goals for the United States" only because report recommends decreasing meat consumption, we respectfully submit summary of American Medical Assn.'s official statement for the record on "Dietary Goals." After careful review, AMA concluded: "We believe it would be inappropriate to adopt the proposed national dietary goals as set forth in the Report on Dietary Goals for the United States. The evidence for assuming that benefits to be derived from the adoption of such universal dietary goals as set forth in the Report is not conclusive and there is potential for harmful effects from a radical long term dietary change as would occur through adoption of the proposed national goals. In "Dietary Goals," Senate Select Committee for Nutrition and Human Needs contends modifications of current American diet, along its recommended guidelines, would reduce incidence of heart disease, cancer, hypertension (high blood pressure) and diabetes. AMA, in statement to the Committee, disputes this contention. "...evidence that links the American diet with the American death rate from ischemic heart disease is suggestive, fragmentary, and even conflicting. The epidemiological data showing associations between diet and cancer of the colon and breast are very tenuous." Statement cited lack of hard evidence connecting specific dietary factors to hypertension, diabetes (CONT. ON PAGE 12)

Fed Cattle Lower, Hogs Up Sharply At Terminal Centers On Monday

Around the major livestock markets on Monday fed steers and heifers were unevenly to sharply lower Monday, but butcher lots posted sharp advances at all points. Price trends, quotations on choices and prime steers and heifers and the mixed good and choice grades, and "D" fed cattle steady to 25c lower, 200-270 pounds included: Omaha steers weak to 25c lower, heifers 25c, spots 50c off. Steers 38.75-41.00 and 39.00-40.00; heifers 38.75-40.25 and 37.50-38.75. Hogs 60-100 higher at 42.50-45.25. Sioux City steers 25-50c lower, heifers steady to 25c off. Steers 38.00-40.50 and 39.25-39.75; heifers 38.50-40.00 and 38.00-38.75. Hogs 25-75c higher at 43.00-45.00. Joliet steers 25-75c lower, heifers steady to 50c off. Steers 39.00-41.00 and 37.50-39.00; heifers 38.00-39.50 and 39.00-41.00. Hogs 75-1.00 higher at 43.00-45.25. Peoria steers steady to 50c lower, heifers steady. Steers 45.50-48.50 and 38.50-39.50; heifers 38.00-39.50 and 38.50-39.00. Hogs 1.00-1.50 higher at 43.00-45.00. St. Louis steers 50-1.00 lower and heifers weak to 50c off. Steers 38.00-40.00 and 37.50-38.00; heifers 38.50-39.00 and 38.00-37.00. Hogs 1.00-1.50 higher at 43.50-45.00. St. Joseph fed cattle 50-1.00 lower, steers 39.50-41.00 and 38.50-39.50; heifers 39.00-40.25 and 38.50-38.50. Hogs 50-1.00 higher at 43.00-44.75. Kansas City steers 1.00 off, heifers weak to 50c lower. Steers 39.00-41.00 and 38.00-39.00; heifers 37.00-38.50 and 38.00-37.00. Hogs 60-1.00 higher at 43.50-44.85.

**J-Ben Production
Sale Of Simmental,
Terrell, June 18**

Terrell, Texas — J-Ben Land and Cattle Corp. has announced the Third Annual Production of Simmental at the J-Ben Sale Facility at Terrell, Texas, June 18, 1977. Lunch will be available at 12:00 noon with the sale following at 1:00 p.m.

The sale offering of 100 Simmental will include Brahmental Cattle as well as Polled Simmental. The cattle will range from purebloods to half-bloods. Free transportation is available on purchases totaling \$15,000 or more anywhere in the continental U.S. and \$50.00 per head maximum for lesser purchases if arranged by the sale managers or J-Ben Land and Cattle Corp.

Sale headquarters is the Villa Inn East, I-20, Dallas, Texas, 214/324-0421. A pre-sale party will be held at the ranch, Friday, June 17, 1977 at 7:30 p.m. For information contact the sale managers and auctioneers, Bert and Ruben Reyes, 118 West Nakoma, San Antonio, Tex. 78216, 512/349-2185; or Koyie King, Rt. 512/349-2185; or Koyie King, Rt. 3, Box 92, Terrell, Texas 75160.

The Circle Seven Repurchase Program.

It makes common cents.

We are selling an excellent group of young, registered Angus cows bred to top bulls. If you buy 30 or more of these cows under our repurchase program, we will buy back the calves, provide bulls for the next breeding season and buy that calf crop. We are interested in a long-term business arrangement.

Let us show you how the Circle Seven Repurchase Program can make common cents for both of us. Call us today at 817/567-2045.

Come by Circle Seven for a visit and meet the people behind the cattle.

**Y-TEX
TICK TAG**

- Quick — One Second to apply
- Effective — Kills Ear Ticks
- Inexpensive — Only \$1.00 per cow
- Long-lasting — All Season Long

Just in time — season-long control of the Gulf Coast Ear Tick and a great reduction in the chance of screw worm attack on cattle ears — thanks to "TICK TAG", impregnated with the insecticide, "DURSABAN®."

The cost is low, the savings are high in terms of reduced weight loss and high cost of other methods of ear tick control. The "TICK TAG" is clear plastic and blends into any herd color; does

not interfere with identification ear tags and installs quickly with the proven Y-Text push-applier.

TICK TAGS are packed 20 per carton along with a free Y-Text applicator. That's enough to protect 10 animals and it costs only \$10.00. Ask for them wherever animal health products are sold. If they don't have it in stock they can get it for you in one day.

Remember, an ounce of prevention is worth pounds of cure!

AMERICAN RED BRANGUS ASSOCIATION NEWS

Rafter Two Ranch Red Brangus Sale, Cameron, June 10

Cameron, Texas — Jim Fontaine's Rafter Two Ranch Red Brangus Sale will be held Friday, June 10, 1977. Sale time is 12 noon at the ranch near Cameron, Texas.

Selling are 200 lots including 5 herd bulls, 150 females and 45 range bulls. Special feature of the sale is the offering of PFR Oscar's 194/3, a certified meat sire. The 150 females consist of 80 pairs, 50 bred and 20 open. The 45 range bulls will sell immediately after the female sale, about 3 p.m. Ten years of production will sell in this Red Brangus offering. This is a great opportunity to get in the business or to purchase animals to improve a herd.

On Saturday, June 11, Rafter Two Ranch will host a Red Brangus Association Field Day. Sale headquarters will be the Varsity Motel, Cameron, Texas. Auctioneer is Gerald Bowls, Fort

information contact Rafter Two Ranch, Rt. 1, Box 3132, Austin, Texas 78702, 512/778-3882, ranch address, Route 2, Cameron, Texas 76520, 817/697-2859; or the sale management, Syler Sales Management, Inc., Rt. 2, Box 85, Burton, Texas 77736, 713/289-4400.

Pesticide Applicators Tests Scheduled

Austin — The Texas Department of Agriculture will offer testing for area commercial pesticide applicators beginning at 8:30 a.m., Sat., June 18, in Stephenville.

"The pesticide tests will be conducted following training sessions being offered June 16-17 by the Texas Agricultural Extension Service," Agriculture Commissioner Reagan V. Adams explained. Both the training sessions and testing will be conducted at the Tarleton State University, Room 108.

Testing, coordinated by TDA entomologists, will be provided for four categories: 1) general, 2) fruit, nut, and vegetable, 3) weed and brush control, and 4) field crop pest control. Ap-

When J. R. Fontaine's Rafter Two Ranch holds its first Red Brangus production sale, June 10, prospective buyers will have a chance to bid on top quality females like this in the largest number ever offered in one sale. The sale will be at the Rafter Two Ranch on FM 979, just off Texas 190 northeast of Cameron, Texas. An American Red Brangus Field Day will be held by the Rafter Two and neighboring Oakway Farms June 11.

Applicators wishing to take the tests may sign up during the training session and pay their fees at that time. While there is no charge for the general test, a \$10 fee will be assessed for each other category.

Individuals who pass the tests will then be eligible to make application for licensing as a commercial or non-commercial applicator of restricted use pesticides.

By Oct. 21, 1977, a license will be required for purchasing and using restricted pesticides to be identified by the Environmental Protection Agency.

By the October deadline, the EPA plans to have categorized some 1,400 pesticide ingredients for either restricted or non-restricted use.

This group of yearling heifers will be among the sale offering of Rafter Two Ranch at Cameron June 10.

Red Brangus Field Day Set June 11 At Cameron, Texas

Cameron, Texas — The American Red Brangus Association's annual Field Day will be held Saturday, June 11, at the Oakway Farms and Rafter Two Ranch near here.

Hosting the Field Day will be J. R. Fontaine, owner of the Rafter Two Ranch which has one of the largest Red Brangus herds, and John Sosnowy and D. C. Hanson, Houston, owners of the Oakway Farms.

The Field Day will be held the day following Rafter Two Ranch's first Red Brangus production sale on June 10 at the ranch located on Farm Road 979 just off U.S. Highway 190 northeast of Cameron.

A general membership meeting of the ARBA will open the field day at 10 a.m., June 11, to be followed by lunch. Afternoon activities will include a

Cow-calf pairs like this will be a feature of the Rafter Two Ranch Red Brangus production sale June 10 at Cameron.

demonstration of Registration Procedures and visual inspection of Red Brangus cattle with directors and inspectors of ARBA demonstrating uniform inspection criteria for registration of Red Brangus.

The Milam Motel in Cameron will be headquarters for both the Rafter Two sale and the field day. A party will be held in Cameron the night of June 10 following the Rafter Two sale.

Heifers 500: Good and mostly choice 2-4 850-975 lbs. 38.00-38.75.

Trade moderate throughout the weekend. Slaughter steers and heifers steady. Steers 5,200: 383 head average to high choice, end prime 3 1175 lbs. 42.00. Good and mostly choice 70-85 percent choice 2-4 1025-1125 lbs. 41.00-41.50. Mixed good and choice 2-4 1025-1125 lbs. 40.25-41.00. Heifers 1,800: 380 head choice 2-4 925-950 lbs. 39.25-39.50. Good and mostly choice 2-4 850-950 lbs. 38.00-39.00. Mixed good and choice 2-4 850-950 lbs. 37.00-38.00. 4 loads good and few choice 2-4 850 lbs. including heiferettes, 36.75.

Nebraska Feedlot Sales, June 8 (USDA) — Confirmed 2,800. Good seller inquiry Monday following threatening weather conditions over the weekend.

which put cattle occasionally in a life or death struggle for air, however, producers not so threatened with death losses that they were inclined to accept sharply lower prices. Demand poor, prices lower. Live sales 60% of volume. Steers and heifers 25-50c lower. Steers: High-good 10 prime, predominantly choice 2-4 1100-1350 lbs. 38.75-40.50. Heifers: Small volume good to mostly choice 2-4 875-1100 lbs. 38.00-39.75. 40.00 paid occasionally. Dressed basis 40% of volume. Scattered sales 50c lower. Weight Only Steers: Mostly choice 2-4 600-900 lbs. in scattered small lots 62.50. Weight Only Heifers: Good and choice 2-3 400-750 lbs. opened 62.50, closing 62.00-62.50 in slim price test.

Dodge City, June 8 (USDA) — Trade very slow late Friday thru 8:00 p.m. Monday. Slaughter steers steady to 50c lower, the decline on limited volume Monday; few sales slaughter heifers steady. Steers 2,000: Choice 2-4, mostly 3 1075-1225 lbs. 40.50-41.50. Monday sales at 40.50; few choice with and good 1150 lbs. 40.00, few 1275 lbs. Holsteins 37.00. Heifers 1,000: Choice 2-4, mostly 3 925-975 lbs. 39.00, few 39.25 Friday.

few choice with end good 88.50.

Greeley, June 8 (F-S) — Trading on all classes very quiet Monday, confirmed sales limited to three sets slaughter heifers — choice 2-4 925-975 lbs., little changed from last week at 39.00-39.50. Carcass basis 140 choice 500-700 lbs. carcasses 63.00.

Wichita, June 8 (USDA) — Trade very slow in eastern Kansas feedlots early Monday. Few sales slaughter steers 50c lower. Steers 900: Choice 2-4 mostly 3 1050-1125 lbs. 40.50.

Carlot Beef Opens Slow and Lower

Amarillo, June 8 (F-S) — Panhandle Area Carlot Meat Trade (for the plant) as of 2:30 p.m. (Beef Trade-Texas Panhandle, Western Oklahoma and New Mexico). No sales except beef on primal cuts reported. Packers reporting light inquiry with a weak under-tone prevailing. Carcass prices reported lower in some of the areas, but Panhandle area packers were cleaned up over the past week and do not have much product to offer today.

Des Moines, June 8 (F-S) — Midwest Carlot Meat Trade, for Midwest River Area, as of 2:15 & close. Compared to Friday's close: Beef trade closed slow. Demand light. Steer beef 50-100 lower. Choice 3 heifer beef 50c lower. Primal beef 50c lower. Cows and calves 25c higher. 15-min utility and canner/cutler cow beef steady. Sales on 19 loads steer and heifer beef confirmed. 2 cow beef loads. Steer beef, 17 confirmed loads, choice 3 400-900 lbs. 62.75-63.75, mostly 62.75, 100 lower. Choice 2 3 500-800 lbs. 61.75, 50c lower. Choice 1 4 500-800 lbs. 50.50, 50c lower. Good 2 3 500-800 lbs. 54.50, 10c lower. Heifer beef, 2 confirmed loads, choice 3 500-700 lbs. 61.75, 50c lower.

Greeley, June 8 (F-S) — Colorado Carlot Volume Meat Trade — for Colorado — 2 p.m. Monday June 8. Choice steer beef 50-100 lower. Choice heifer beef steady to 50c lower. Cow and bull beef steady. Steer beef: Choice 3 400-900 lbs. 62.25-62.75, 100 lower. Choice 2 3 400-900 lbs. 62.75-63.25, 100 lower. Choice 1 4 400-900 lbs. 58.25, 50c lower. Good 2 4 400-900 lbs. 55.75, 75c lower. Heifer beef: Choice 3 500-700 lbs. 61.25-61.75, 50c lower. Choice 2 3 500-700 lbs. 61.75-62.25, 50c lower. Choice 1 4 500-700 lbs. 57.75, steady. Good 2 4 500-700 lbs. 57.75, steady.

San Antonio Monday

TO LOAD: Simply back up to bale, apply brakes to leading carrier; continue backing until loading arm falls over bale, then pull away, loading bale as you go.
TO UNLOAD: Reverse above procedure, stopping as bale rolls off carrier. Both loading and unloading accomplished from the driver's seat!
No special hook-up needed other than push-pull switch installed to activate brakes (12 volt). May be used either on pickup or on trailer too small to handle bales on lift.

betes. Said case against high fat intake in regard to colon cancer is "weak because there are no populations that have a high fat intake but little bowel cancer." Stated also that "high fat intake has not been identified as a risk factor in breast cancer."

The AMA noted that "diets must not be standardized nor be inflexible for all persons but must reflect individual needs." Final sentence is clincher: "In conclusion, we urge that the Report not be adopted."

(CONT. FROM PAGE 1)

of how the Govt can mess up was the recent fiasco concerning Swine Flu. The following clipping was sent to us and when you read it, if you understand it, you are a smarter man than I am, it says:

Please follow closely, because this gets a little complicated.

One of the big worries of the swine flu manufacturers was that they would be liable for damages from adverse effects of the vaccine.

They had reason to worry. Their biggest customer was the federal government, which promoted the program in the first place, and the federal government sometimes... well, we won't go into that.

Everything seemed just fine when the government agreed to give each manufacturer \$2.5 million to pay claims up to that amount — in case the government sued the company. Yes, you read that right, the government gave the money to the companies to pay the government in case it sued them and won.

But wait. The companies realized that if the government gave them \$2.5 million apiece, they would have to pay federal income tax on it all. They didn't think they should be taxed, as they could only use the government's money to pay the government. Besides, it wasn't really income.

If they haven't paid it all back by Aug. 31, 1985, in claims, the remainder and any interest has to be returned to the government.

Not to worry. The Internal Revenue Service recently ruled that the money wasn't taxable until the companies paid out a claim. Then, you see, the claim would be deductible as a business expense, and no tax would have to be paid on it.

Are you still with us? Contracts with the Dept. of Health, Education, and Welfare provided for reimbursement by the government if taxes were paid.

Obtaining liability insurance proved to be impossible, you will recall, and the government ended up making itself responsible for damages suffered by vaccine recipients.

The government can seek reimbursement from the vaccine makers if they are negligent or fail to carry out contract terms. The companies self-insured themselves for the first \$2.5 million with that government money. Commercial insurance covers amounts above that. Premiums for that insurance are paid by the government.

Now, are there any questions?

Ever time,

The Editor.

P.S.: Uncle Dunk says one of the things Dr. Kennedy and the FDA don't tell you is that laboratory rats naturally develop tumors as they grow old. Dunk says all the experts are still trying to convince us they have at last figured out the real Jimmy Carter, but like professional economists, none of 'em agree. Our Washington Connection reports Carter is pleased that Congress has just about doubled the money the new Farm Bill will cost. Reason? He is hoping to fulfill his threats to veto some "Big Spending" bill, and this one would make him a lot of brownie points with

Webster Ranches
Commercial Cattle
Dispersion, June 18
Seguin, Texas — Webster Ranches Complete Dispersion of Commercial Cattle will be held Saturday, June 18, 1977. Sale time is 12 noon at Seguin Cattle Co. at Seguin, Texas. There will be a guest consignment by Smith Ag Service.

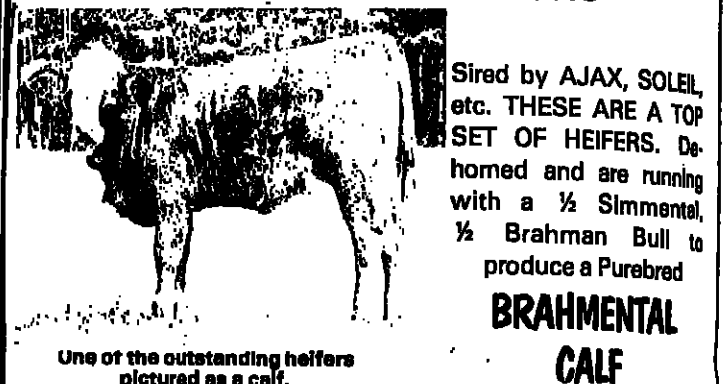

Selling are 500 cows, 250 with calves and still calving. The offering includes 100 top young Angus cows with a lot of size with 50 calves; 40 Brangus cows with 25 calves; 25 Santa Gertrudis x Angus cows with 10 calves, 315 crossbred cows with 175 calves and 25 open heifers.

This is a set of good quality young cows with calves sired by and cows pasture exposed to Hereford, Santa Gertrudis, Brahman and Chianina bulls. Cattle have been palpated and Brucellosis tested and will be sold in groups.

Lunch will be available. For information contact the auctioneers and sale managers, Britton & Britton, Drawer B, Bryan, Texas 77801, 713/822-4335 or 822-6091; or Homer Webster, Rt. 1, Box 254, Marlin, Texas 76866, 812/392-4544.

th' Consumer Advocates. Folks who figured President Carter would reorganize Govt Agencies and save some money are dreamin'. Dunk reports the new Department of Energy will cost \$10.6 Billion for starters, which is equivalent to \$9 per barrel for all domestically produced oil. The proposed Consumer Agency will cost even more! One oil company official says the Department of Energy's budget is about double the dollar value of all imports from Saudi Arabia last year. It will be \$800 million larger than the profits of seven largest U.S. Oil Companies — Thasall, Brothers!

For Sale: 30 Breeding Age BRAHMENTAL HEIFERS

MAINE-ANJOU NEWS

Texas Maine-Anjou Field Day, Sale

Set June 25 At Nor-Tex Farms

New Braunfels, Texas—the Texas Summer Fiesta, "Maine-Anjou Style," will be held Saturday, June 25, 1977, with an elite consignment sale in conjunction with the Texas Maine-Anjou Association Field Day, at Nor-Tex Farms at New Braunfels, located 12 miles north of San Antonio on Interstate Highway 35.

The field day will begin at 1:30 p.m. and the sale at 5 p.m., with a barbecue supper served prior to the sale.

The offering of 70 lots of Maine Anjou will feature predominately polled cattle. There will be 10 purebred and three-quarter cattle; plus 20 three-quarter and seven-eighths bulls just off 140-day feed test at Howard Payne University at Brownwood.

For the field day there will be a large display of fullblood and high percentage cattle in addition to the sale cattle.

Calvin Fryar, Brownwood, president of the Texas Maine-Anjou Assn., said an interesting program is being arranged for the field day on Synchronization and breeding by artificial insemination, and on herd bull selection.

"Previously, percentage Maine-Anjou bulls from the Howard Payne test have proven highly popular with commercial cattlemen, particularly from South Texas, so we believe it is appropriate that we take the top bulls from this test period to South Texas to sell them," Fryar said.

"The three-quarter and seven-eighths bulls can be used in the International Maine-Anjou Association's appendix program for commercial cattlemen to start into a Maine-Anjou breeding program without using A. I.," he added.

Auctioneer for the sale will be Curt Rodgers, Platte City, Mo.

Sale Headquarters will be the Travel Lodge at San Antonio Airport, 1111 Loop 410 N.E., San Antonio, Texas 78209, phone 512/828-9031, where reservations should be made two weeks in advance.

Field Day Information is available from the host: Texas Maine-Anjou Assn., Calvin Fryar, President, Box 1506, Brownwood, Texas, 76801, phone 915/646-9488 or 915/646-1504; or Nor-Tex Farms, Dr. R. C. Norman, owner, office phone 512/696-3260, home 512/658-1580, A. O. White, manager, Rt. 1, Box 533, New Braunfels, Texas, phone 512/625-7825.

Sale catalogs and information are also available from the Sale Managers, Mark H. Council Ltd., Box 5748, Kansas City, Mo. 64102, phone 816/421-5978, or Neil Effertz, 918/834-1198, or John Schuessler, 918/722-6056.

Maine-Anjou Place High In Okla. City 4-H/FFA Stock Show

An outstanding performance by Maine-Anjou crossbreeds was seen at the recent Oklahoma City 4-H/FFA Livestock Show. The show was held in two parts: performance contest and premium sale.

Steers in the performance contest had to be nominated at a county level and had to meet minimum performance levels at various times over a 115-day period prior to the show.

In the performance contest, a Maine-Anjou x Angus owned by Robin Smith, Greer County, Okla., placed second in the light weight class after scoring highest points by the carcass evaluation judges.

Billy Don Petzold, Greer County, had (CONT. ON PAGE 26)

In 1862 President Abraham Lincoln signed a bill creating the United States Department of Agriculture.

Calvin Fryar, Brownwood, a partner in G&F Cattle Co. and president of Texas Maine-Anjou Assn. is shown addressing visitors to Jay and Nita Jones' Maine-Anjou production sale at Elm Mott May 29.

Jones Maine-Anjou Hit \$730 Average At Elm Mott May 29

Elm Mott, Texas—Jay and Nita Jones' 5-J Farms, C&J Cattle Co. and Cal-Tex Maine-Anjou enjoyed one of the best Maine-Anjou production sales held in recent months when their offering of 44 lots grossed \$31,050 for an average of \$730 here Sunday, May 29. Stanley Stout, Linwood, Kan., was the auctioneer.

Summary

No.	Type	Gross	Avg.
2	Fullblood bulls	6,750	3,375
1	15/16ths heifer calf	1,500	1,500
1	Bred 7/8ths heifer	850	850
1	7/8ths heifer pair	1,000	1,000
3	7/8ths bulls	2,725	908
6	3/4 bulls	2,240	373
13	Bred 3/4s	7,905	608
2	7/8ths bull calf	1,460	730
8	3/4 open heifers	3,540	443
7	Bred Halfbloods	3,085	441
44	Lots	31,050	730

Gollath's Bourree, an April 3, 1975 son of Dollar II, used as the Jones' fullblood herd sire before they pur-

LARGE STOCK OF USED SCALES

Gollath's Bourree, fullblood Maine-Anjou bull is shown in the saleroom where he topped Jay and Nita Jones' production sale May 29, going to Cornelius Maine-Anjou, Rock Island, for \$4,000.

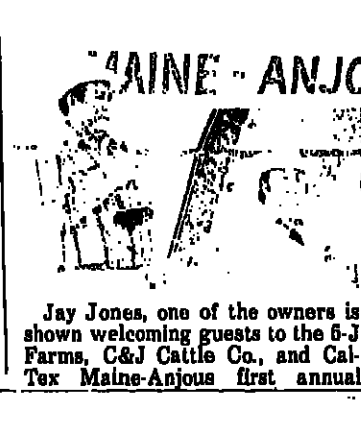

Jones Maine-Anjou (CONT. FROM PAGE 16)

chased four daughters of Dollar II, topped the sale, going to Cornelius Maine-Anjou at Rock Island, Texas. Bill Crowder, Brownwood, paid \$2,700 for another fullblood Maine-Anjou bull yearling, TKP Epina's Image, a May 20, 1976 son of Epinal consigned by Texas Imports, Elvira, Tex.

The 15/16ths purebred heifer calf born Dec. 1, 1976 and still on her dam was purchased for \$1,500 by Howard McQueen, Brownwood, one of the sale's major buyers. McQueen also included amongst his purchases a bred seven-eighths Domestic purebred heifer sired by Duke of Heaven III bred to Blade Enterprise for \$850. G&F Cattle Co., Brownwood and San Saba, bought a polled three-quarter cow by Cunia with a polled seven-eighths heifer calf at side for \$1,000.

J.K. Hutchins, Athens, paid \$1,425 for a seven-eighths Maine-Anjou bull sired by Gollath; Circle C Ranch, Tatum, paid \$775 for a seven-eighths bull yearling by Cunia; and Hadley Wardlaw, Del Rio, bought a similar bull yearling by Dalton for \$525. Clyde Ware, Richland Springs, bought a seven-eighths bull calf with its dam for \$680. Lazy 2K Ranch, Sherman, bought two three-quarter bred cows, one by Capone bred to Sundowner Epinal for \$800 and a polled daughter of Capone bred to Gollath's Bourree for \$875.

Other buyers included Bob Anderson, San Angelo; Bobby Winningham, Waco; Emery Ranch, Waco; Ben

Jay Jones, one of the owners is shown welcoming guests to the 5-J Farms, C&J Cattle Co., and Cal-Tex Maine-Anjou first annual

Association sponsored a range bull sale May 14 in Greeley, Colorado. The sale was billed as an opportunity for new breeders to purchase good yearling bulls to performance test in their own herds.

Response was very good; of the buyers at the sale, 76 percent were new to the Maine-Anjou breed.

Top selling bull was consigned by Sonderogger, Westcliffe, Colo. It was bought by Bob Isuman, Chadron, Neb., for \$800. Isuman was also volume buyer, paying \$3,630 for seven head.

TEXAS RED ANGUS NEWS

Red Angus Field Day Held At

Owen Kolle & Sons Farm At Inez

Inez, Texas—Mr. and Mrs. Owen Kolle and their sons were hosts to the Texas Red Angus Field Day here May 28 with a fairly good crowd of Red Angus breeders from over Texas and several South Texans interested in Red Angus.

One of the important items discussed and approved during the morning's business session was formation of a Texas Junior Red Angus Assn. The new junior association's by-laws will be presented and discussed, and a slate of officers and directors elected in the fall annual meeting of the senior association.

That fall meeting is scheduled for Friday, and Saturday, Oct. 28 and 29, at the Stage Coach Inn at Salado, a few miles south of Temple, on I-35. The board of directors will meet the night of Friday, Oct. 28, and the membership meeting will be held the next morning.

During that meeting a proposal made at the Kolle Field Day by President L. B. Golemon, Jr., of Jacksonville, that the Texas association be divided into two divisions to reduce travel distances and permit more frequent meetings of each division's

Owen Kolle, standing at left, is shown greeting part of the crowd of guests to the Texas Red Angus Field Day at Kolle's farm at Inez, Texas, May 28.

membership, will be discussed further. No action was taken on the proposal at the field day.

Much discussion was given to sagging numbers of members in the Texas Red Angus Assn., with proposals for increasing the membership to be presented and discussed at the fall meeting at Salado.

A treasurer's report was given by Mrs. L. B. Golemon Jr., which showed the Association to be operating in the black with about \$360 left in the treasury after carrying out a more vigorous advertising campaign than had been done previously.

"We believe that Red Angus numbers and registrations are growing steadily throughout the nation, and that Texas could reflect a much bigger share of that growth if all Red Angus breeders would join the association and register their cattle," Golemon said.

Dues for membership in the new Texas Junior Red Angus Assn. will be

Visitors to the Texas Red Angus Field Day at the Owen Kolle & Sons Farm at Inez May 28 were impressed with the size and length of this Kolle herd sire who demonstrates that Red Angus can be bred and grown big, even on the Texas Coast.

Enjoying the barbeque lunch served by hosts, Owen and Mrs. Kolle at their home at Inez, are some of the persons who attended the Texas Red Angus Assn. field day there June 28. At left are Ed and Eva Goodman, Dallas, and Junia Kinnman, and at right, her husband, Murray Kinnman, College Station, and L. B. and Nancy Golemon, Jacksonville.

L.B. Golemon, Jr., left, of Jacksonville, president of Texas Red Angus Association, is shown congratulating officers of the newly formed Texas Junior Red Angus Assn. From left are Tim Bauer, Winnie, Red Angus breeder who sponsored formation of TJRAA; Barry Nabours, Temple, vice chairman; Bobby Nabours, Temple,

chairman; and Leslie Mott, Rogers, Secretary. The latter three serve as heads of TJRAA until it is formally organized in the annual fall meeting of the Association.

18, 1977. Sale time is 12:00 noon at the Brenham Livestock Auction located on the East limits of the Brenham city limits on Hwy. 190. Selling are 145 head as 100 lots. The offering includes 60 cows with 45 calves, 15 open heifers, 10 bred heifers and 3 bulls.

For information contact W. A. Hutton, Route 6, Box 808, Alvin, Tx. 77511, 713/331-5672; Fred Landry, 303 E. Main, Clarksville, Tx. 75436, 214/427-3657; or the auctioneer and sale manager, Gayle Ingram, Box 679, Quitman, Tx. 75784, 214/878-2225.

Bob Biggs, Dallas, left, and Jim Kolle, Artesia Wells, are shown at the Texas Red Angus field day at the Owen Kolle Farm at Inez May 28.

THE BIG RED

The Big Red Ones... "Commercially Speaking"

As a commercial seed stock producer you are looking for net results in a crossbreeding program. The net results that mean the most are summed up with one word, profit.

Red Angus are "big" on performance. In fact, that's what they're all about and registered Red Angus bulls are sold with a certificate which states exactly how they have performed from birth to yearlings.

What's more, Red Angus bulls are naturally polled in addition to being red in color. If there was ever a color in the world that related to performance, it is red.

If you are looking for profitable performance, then you're looking for The Big Red One...

**AVOID CHANGING WELL LEATHERS
FOR MANY YEARS**
Perma-cups are molded urethane, more wear resistant than nylon. Perma-cups will outlast leathers 10 to 1. Their tapered design allows only 1/8" wearing, instead of 5/8" of a leather. Much less friction for easier pumping extends cylinder life greatly. Perma-cups must be used in a good or new cylinder, as they do not swell. Install Urethane Perma-cups, Urethane Check-balls, and Urethane Pump Rod-guides, and don't pull that well for many years. Thousands are in wells that have not been released in 9 years! All are available in standard cylinder and pipe sizes. Write or call for our catalog. We ship some day order is received. This is our 27th year saving ranchers.

LAND AUCTION
* 296 ACRE GRASS FARM
* 22 ACRE TURKEY OPERATION
* 105 HEAD OF CATTLE
Saturday, JUNE 18, 1977 — 11:00 A.M.
OWNERS - BOB & SUE CALBERT
— LOCATION —
Both tracts are well located in country only 5 miles from the popular town of Buffalo, Missouri and only 30 minutes from Springfield, Missouri.
The two tracts will sell separately; however, they have worked very well together for the present owner, providing him with a very successful operation. The Turkey Operation provides both an outstanding cash flow and an unlimited supply of fertilizer and bulk for feed mixtures for the Cattle Operation.

TRACT NO. 1 — 296 ACRES —
Tract 1 has an older 7-room home that has been remodeled throughout. It also has a 2-car garage, 2 barns & corrals that will handle 150 head of cattle. This tract has 270 acres of some of the best permanent grass to be found in the BEAUTIFUL OZARKS OF MISSOURI. It has approx. 26 acres of open and scattered timber and fences are from good to excellent. Water is in ample supply with a 250-ft. well with a submersible pressure system; 2 creeks, 3 springs and 3 ponds. Taxes are approx. \$182.00 per acre.

TRACT NO. 2 — 22 ACRES —
Tract 2 which has a nice 2-bedroom home with garage, is the Turkey Operation and has a very attractive guaranteed income. There are 3 turkey houses and the entire operation is completely automatic and all 3 houses are climate controlled. The property also has a 500-ft. well with a 20,000 gal. storage tank; a brick cold storage building and a brick garage. Nearly all the turkey equipment is new and all of it sells with the property. This tract is also covered with permanent grasses. Taxes are approx. \$345.00 per year.

CATTLE — 105 HEAD —
All of these good crossbred foundation cows are of good ages. Are of outstanding quality and have registered parents on both sides. All 60 head of these mother cows have been bred to % LIMOUSIN bulls and 45 of them have babies on the ground - balance being springers. All of the cows are uniform in size and quality. This is probably one of the best bred commercial cow herds available for sale today.

HEALTH PAPERS WILL BE FURNISHED ON ALL CATTLE.

Yellow Rose Brangus Sale Set June 25 At Waxahachie, Texas

Waxahachie - The 6th annual Yellow Rose of Texas Brangus sale sponsored by the Pines & Plains Brangus Breeders Association will be held Saturday, June 25, beginning at 1 p.m. in the Waxahachie Livestock Commission Co. eight miles north of here on I-35E at Red Oak, Texas.

The sale committee, Don Norton, chairman, Paul Sharpe, Roland Young, and J. W. Hastings, along with Dr. Charles Ogilvie, association president, and Wanda Britton, secretary, will host the sale of one herd sire and 65 females including 15 cow-calf pairs, 35 bred and 20 open females.

The cattle have been carefully selected and sifted by the sale committee from over 100 head at three field days held by Pines & Plains Brangus Breeders. Minimum weights are certified to be 670 pounds for calves up to 12 months of age; 850 pounds up to 18 months; 904 pounds up to 24 months; and over 1,000 pounds for cattle 28 months and over.

Gerald Bowie will be the auctioneer. Sale day phones are 214/576-8304 and metro 214/299-5332.

This is an International Brangus Breeders Assn. Guidelines Approved sale.

Sale headquarters will be the Brookshire Inn, Box 693, Waxahachie, Texas, phone 214/387-8223. Information is available from the sale manager, Syler Sales Management, Inc., Route 2, Box 35, Burton, Texas 77835, phone 713/289-4400.

Y-Tex Tick Tag Joins "Mission 77"

First the bad news: Over 60 million dollars a year are lost to animal operators in Texas alone because of the Gulf Coast Ear Tick. The average gain of tick-infested steers was 55 pounds less than tick-free steers during a seven-week period - this according to a university study of 500 pound feeder steers. Reduced sale of animals with tick-damaged ears added considerably to these losses. Dust, spray, dip, or steam treatments commonly used are costly in both labor and material, and offer only temporary relief.

While 50% to 80% of all screwworm infestations result from ear ticks -

Indian Nations Brangus Sale Is June 18, Durant

Durant, Okla. - The Indian Nations Brangus Breeders' female sale will be held at 1 p.m. Saturday, June 18 in Durant. The sale will include the complete dispersal of the Kent, Callahan herd of 40 females and two herd sires.

W. J. Musgrove, president; Thomas Kay, vice president; and Phillip Scoggin, secretary of the Indian Nations Brangus Breeders Assn., will be hosting a sale of range bulls plus 120 registered Brangus females including cow and calf pairs and bred and open females. All cattle are Bangs and TB tested and the females pregnancy checked. These are top cattle from top herds of the Indian Nation.

The Callahan herd features the breeding of Rocky Joe, Van B's Chief, Colorado, Guadalupe Chief and Valentine. The cows are bred to and have calves by Carson 325, the sire of Titan; "Squire-Beacon" and Guadalupe Chief sires.

Gerald Bowie will be the auctioneer for the sale at the Durant Livestock Market, phone 406/924-1850. Lunch will be available.

Sale headquarters will be the Holiday Inn, Durant, phone 406/924-6432.

For further information contact the sale manager, Syler Sales Management, Inc., Route 2, Box 35, Burton, Texas 77835, phone 713/289-4400.

Angus Big Elbon Bardolier Classic Set For June 11

Saint Louis, Okla. - The Big Elbon Bardolier Classic will be held June 11, 1977. Sale time is 1:00 p.m. at the Goodnight Angus Ranch, Sale Pavilion at St. Louis, Okla.

Selling are 60 head of Angus cattle including 10 bulls and 50 females. Many of the females are 2- to 3-year-old combinations and some excellent show prospects will be included in the offering.

Consignors are Buffalo Head Farm, Burdick Angus Ranch, Wilson Angus Farms, L&E Angus Ranch, Goodnight Angus Ranch, Spencer Angus Farms, White's Angus Ranch, Gamel Angus Ranch, Romines Angus Ranch, Willow Valley Angus Farm, Lannon's LML Ranch, Jack Logsdon, Kenneth Copeland and Lone Valley Ranch. Catalogs are available on request from the sale manager, Pat O'Bryan, O'Bryan Sales Service, Rt. 2, Tuttle, Okla. 73089, 405/392-4317 or 405/392-4314.

her's good news reported from the Brangus Breeder's control station at Mission, Texas. It states that not a single case of screwworm was reported on cows wearing the new "Tick Tag" by Y-Tex Corporation. Results of field trials stated that "Y-Tex" ear tags provided satisfactory control of the Gulf Coast Tick and protected test animals' ears from screwworm infestations. Not a single screwworm case was observed in an animal's ear... while 49 percent of the control animals had screwworms in ears at one time or another during the test period.

"Tick Tag" is impregnated with the insecticide Dursban, and according to the maker, provides season-long control of the Gulf Coast Ear Tick and a great reduction in the chance of screwworm attack on cattle ears. The "Tick Tag" is clear plastic and blends into any herd color - doesn't interfere with identification ear tags and installs quickly with the Y-Tex push-pull applicator. One carton of 20 "Tick Tags," packaged with a free applicator, protects 10 animals and is available wherever animal health products are sold.

Maine-Anjou Place High In Okla. City 4-H/FFA Stock Show

(CONT. FROM PAGE 18) A Maine-Anjou x Angus that placed second overall in cutability with 54.96 percent.

In the premium sale, 625 steers were entered in Angus, Hereford, Shorthorn and Crossbred classes. Only the top steers were selected for the sale; these 74, 28 were Maine-Anjou crossbreds.

Grand champion steer selected by the premium sale was a Maine-Anjou x Angus owned by Ann Kopeck, Need Oklahoma. This steer was among the top ten in average daily gain in the performance contest, with an ADG of .011 pounds. The steer's live weight was 1280 pounds and carcass weight was 828 pounds. Live and carcass grades were both choice.

Not only did a Maine-Anjou steer place first overall, but in the crossbred classes, Maine-Anjou steers placed one or more animals in the top five in every class. In two of these classes, four Maine-Anjou placed in the top five.

Following the sale, the 28 head of Maine-Anjou were slaughtered and carcass data showed 27 graded choice good, Maine-Anjou graded better, higher cutability and lower loss than the average of all the other breeds in the show combined. They had an average ribeye area of 12.85 sq. in. and average backfat thickness of .025. Average cutability for the Maine-Anjou was 59.97 percent.

Little known is the fact that George Washington was one of the greatest first- and leading mple breeders. A span of 4 Washington miles produced in 1880, 95% of the steers produced in the United States were processed for ewing.

Cow Slaughter Rate Declines

(CONT. FROM PAGE 1) has been estimated at 677,000 head, it was pointed out by economists with Cattle-Fax, the market analysis service sponsored by ANCA. This represented a decrease of 11% from the April, 1976, total of 765,000 head, and it was down 18% from the previous month's total of 808,000.

For the first four months of the year, cow slaughter was 8.2 million, or 9% less than a year earlier. The year-to-date total is about as determined by Cattle-Fax economists, and cow slaughter for the entire year is expected to be more than 9 million head. This would be substantially less than the 1975 and 1976 totals, but it would represent a continuation of the liquidation phase of the cattle cycle.

Adverse economies in the industry and continued drought in some areas - including parts of the West and Southeast primarily - have resulted in a fairly high cow slaughter rate again this year, said Wray Finney, ANCA president. The cow herd next Jan. 1 is expected to be at least 1 million head less than the total of 82.4 million on Jan. 1, 1977. The latest information on cow slaughter is part of an ANCA/Cattle-Fax program to keep the industry posted on cow herd trends.

The second half of the year is the most critical time in the determination of annual cow slaughter. Cattle-Fax explained. "In the record cow kill year of 1975, 60% of the slaughter was in the last 6 months. In 1976, 62% of the slaughter occurred in the July-December period. Improved moisture conditions in parts of the Plains, Midwest and Pacific Northwest likely will permit slaughter to decline seasonally into July. After that, fall culling will increase the slaughter rate again. Meanwhile, problems with sub-soil moisture, hay supplies and irrigation water for hay production will be affecting cattle number in some region."

Red Angus

(CONT. FROM PAGE 18) by to be passed on to the feeder, packer or order buyer to certify the percentage of the feeder calves and their sires performance," Thatcher said.

Mike Sweet, RAAA Executive Director said, "The Red Baldy certificate is a marketing tool for the commercial cattlemen and has been a long time coming." In addition to the Red Baldy certificate, a crossbreed Sire Certification paper is available for users of Red Angus bulls on cows other than Hereford.

"The era of the Red Baldy has arrived," Sweet said. "We have to assume that the rising popularity of the Red Angus x Hereford cross is due to the performance created by hybrid vigor, and possibly equally important is the consistent color uniformly that creates a unique marketing package," he stated.

Additional information on the Red Baldy program can be obtained through the Red Angus Association of America.

Livestock Slaughter, Meat Production

Washington, June 3 (USDA) - Total meat production under federal inspection for the week ended 6-4-77 was estimated at 583 million pounds. This was 15% below a week ago, and 3% above a year ago.
